

PACK 459 UNIFORM GUIDE & INSIGNIA PLACEMENT

Pack 459 follows a “Waist-up” uniform policy. That means that our dress uniform consists of items from the belt up. In a desire to keep costs manageable for our families, we do not require any special pants/shorts, socks or shoes. However, close-toed shoes are required for all non-aquatics events. *Refer to the BSA Uniform and Insignia Guide for complete, official details.*

Our standard dress uniform (“CLASS A” Uniform) consists of the following items:

NECKERCHIEF & SLIDE

1. Making small, tight flat folds, continue to “roll” the neckerchief until approximately 6” of the point remains visible.
2. A tight fold will help prevent bunching. Ironing the neckerchief as you fold it will help it hold its rolled shape.
3. Place the neckerchief around the neck, and under the collar.
4. Secure with the appropriate neckerchief slide for your rank. Scout-made slides may also be worn.

**Tiger
Cub Scout**

**Wolf
Cub Scout**

**Bear
Cub Scout**

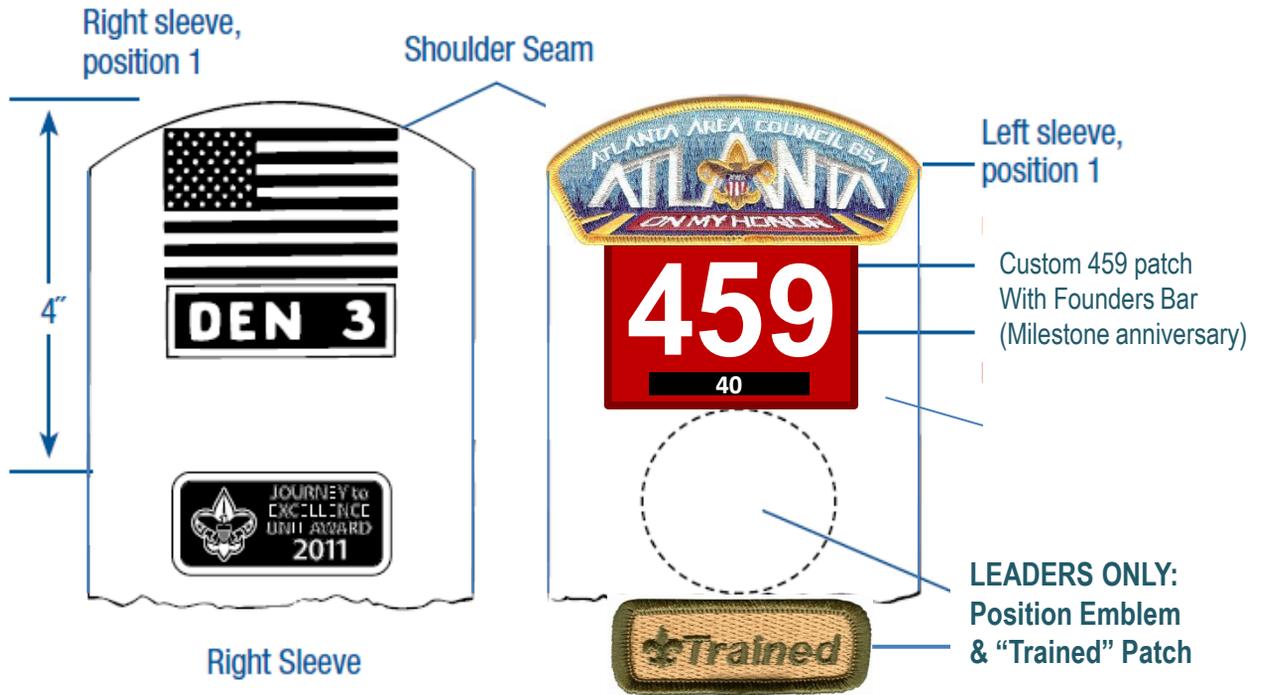

**Webeles
Scout**

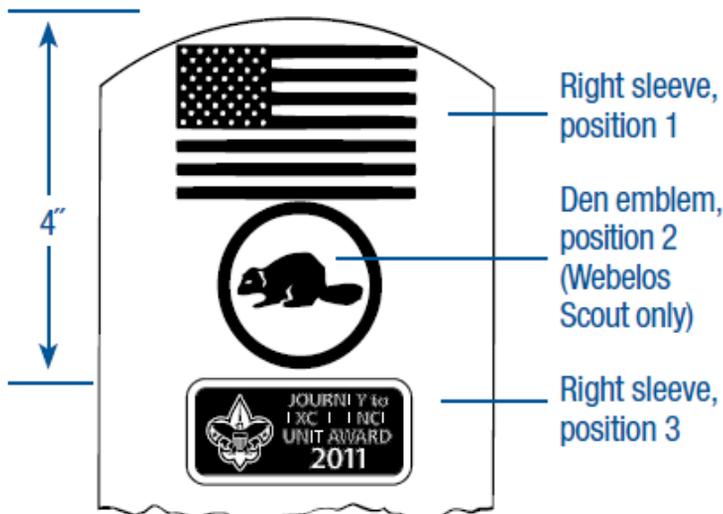

TIP: Avoid lost neckerchief slides by doing the following:
After placing the neckerchief slide in place, take one end of the rolled neckerchief and feed it behind and through the back of the slide again. Pull the end down in place. This “locks” it in place.
